

ANDREW STEPHEN COOK

Tinley Park, IL 60487 | 815-545-2147 | dsc0128@gmail.com | <https://www.linkedin.com/in/andrew-s-cook>

EDUCATION

ILLINOIS TECH, CHICAGO IL

May 2026

M.A.S in Data Science Coterminial Program, 3.23/4.0

- Data model training and test, Linear Regression, Image Transformations, Feature Selection, Database Organization, and Neural Networks. Time series, Statistical Learning

ILLINOIS TECH, CHICAGO IL

May 2026

B.S in Computer Science Minor in Information Technology, 3.42/4.0

- Data Structures, Algorithms, Web Development, Operating Systems, and App Development

SKILLS

TECHNICAL SKILLS: DATA STRUCTURES, WEB DESIGN, DATABASES, APIS, NETWORKS, LINUX

LANGUAGES: PYTHON, JAVA, MYSQL, SQL, HTML, CSS, JAVASCRIPT, TYPESCRIPT, C, R, REACT

INTERNSHIP EXPERIENCE

Data Science Intern

Jan 2026 – May 2026

LABELMASTER, CHICAGO IL

- Collaborated with a team of five to build an LSTM model to forecast sales across multiple departments
- Connected seven trained LSTM models with frontend interface running with streamlit
- Scripted installation applications to ensure clean installs on all computers and laptops regardless of operating system
- Documented how-to guides describing step-by-step processes to output predictions and retrain models

IT Help Desk

May 2022 – Jan 2026

CLAUSEN MILLER P.C, CHICAGO IL

- Set up **workstations** for new employees with monitors, docking station, desk phones, ethernet, and access to office printers
- Assisted attorneys and secretaries over the phone for any tech related issues, including connect to the company's **VPN**, installing drivers for personal printers, and teaching tips and tricks for **Microsoft Office** products like **Word** and **Excel**
- Wrote detailed descriptions on tickets defining the situation, who needed help, and how it was resolved
- Built a web user interface of printers and copiers separated by office location linking each printer to its status page for the IT staff to use on the company's intranet site
- Performed an audit on devices in the company's Active Directory, deleting any device that the company no longer uses, preventing any potential data breaches
- Consulted IT guides for common queries and updated them as needed

REVELVANT EXPERIENCE

Art Website

[HTTPS://PSYCHEDELICQUEENARTISTRY.COM](https://psychedelicqueenartistry.com)

Jun 2026 – Aug 2026

- Built an art portfolio website for my sister, Paige Cook, with **Vite**, **React**, and **Typescript**
- Deployed website onto **Hostinger** with a **GitHub workflow** triggered on push to main branch
- Scheduled a **cron** job using a **Google Cloud** service account and **Google Cloud APIs** to fetch artwork stored in the Drive and details stored in a Google Sheet
- Automatically resized images converted them to the webp file format in **Python**, dramatically reducing load times
- Upload new photos and metadata to site's public_html folder via **FTP**

Malicious Network Packet Classifier

ILLINOIS TECH, CHICAGO IL

Aug 2024 – Dec 2024

- Trained **random forest** model of 100 **decision trees** to **classify** malicious network packets
- **Reduced** model complexity by eliminating 200 **highly correlated** predictors
- Achieved **Accuracy score** of 97% with 5-fold **cross validation**
- Achieved Area Under Receiving Operating Characteristics Curve of 0.96
